Globoox

FOR AUTHORS

Sell your books *worldwide*

in every language, on every platform

We translate your work and publish it on Amazon, Kobo, and other major ebook stores.

Get in touch

Amazon · Rakuten Kobo · Apple Books · Google Play Books · Barnes & Noble / NOOK · Thalia · Bookshop.org

Translation that opens your book to readers worldwide

It runs on an AI-based translation system we built in-house with linguists, designed for literary and genre fiction, essays, popular science, and self-help.

TRANSLATION QUALITY

Reads as naturally as the original

We preserve your style, voice, and terminology, and the result is comparable to a professional translator’s work.

Original

[excerpt from the original]

Translation

[translated excerpt]

One chapter, on us

Send us your book, and we'll translate one chapter for free.

Get my free chapter

We take your book all the way to readers

01

Production

We format your files to meet each platform’s requirements.

02

Distribution

We list your title in the stores you choose.

03

Royalties

We collect the sales revenue and pay you your share.

Trusted by

Litres, AST, and Corpus,

leading names in Russian publishing, and by independent fiction and popular science authors.

WHO WE ARE

Meet the team

Globoox brings together a designer specializing in ebook typography, a linguist, a multilingual translator, and a software engineer with a deep understanding of AI.
